Imagine Your Story
Paper Quilt Square

We’re celebrating summer reading this year by creating paper quilt squares that will let you “Imagine Your Story”. Make a square that shows a character from your favorite story (fairy tale or otherwise) or tell part of your own story with an autobiographical square that shows people, places or things that are important to you.

Materials:

Paper – printer paper, construction paper, magazine or newspaper pages
Your favorite drawing and coloring tools: crayons, colored pencils, markers, paint, pen, pencil,
Scissors
Glue if making a collage square

Cut a square from a piece of paper and draw or collage a picture that shares your story.

If you would like to be part of the paper quilt, take a picture of your square and email it to Susan at the Ellenville Public Library & Museum (smangan@rcls.org) or snail mail it to EPL&M, 40 Center Street, Ellenville NY 12428.
Thanks to the Reher Center for Immigrant Culture and History and the Barrett Art Center in Kingston for the inspiration. Find out more about the Digital Cultural Quilt Project and the Reher Center at https://www.rehercenter.org/.
