Learn some new dance moves without leaving home this summer. Many cultures around the world use dance to tell a story. Learn a new dance with video lessons from the SPAC Virtual Learning Library (https://spac.org/education/learninglibrary/) offered by the Saratoga Performing Arts Center or get in the groove and make up your own dance. How would you dance if you were happy? Or sad? Or a chicken? (Ask someone who’s gone to a wedding reception—they can probably show you.) Does your family have any dance traditions? You won’t know until you ask. Take that first step towards getting an art challenge square on your bingo card.
